STRATEGIC OBJECTIVE #4

(Management of Productive, Life-Sustaining Natural Resources Strengthened)

THAT'S AMORE. A community member from barangay Tinambulan, Buluan, Maguindanao helps in installing the wirings that will complete the household lighting system of one of the thirty households in the village that received solar home systems from the Alliance for Mindanao Off-grid Renewable Energy (AMORE) program. AMORE is a partnership of the US Agency for International Development (USAID), the Mirant Philippines Foundation, the Department of Energy (DoE), the Autonomous Region in Muslim Mindanao (ARMM), and Winrock International that is lighting up Mindanao's remotest and poorest communities using renewable energy technologies powered by solar and micro-hydro.
